While You Hold the Line!

For the man who appreciates speed, a high-speed telephone service is now available. Far-away points may now be reached almost as quickly as those near by.

The fact that almost 70 per cent of Long Distance calls are now put through while the calling party remains at the telephone speaks volumes for this new service.

Calling by number materially increases the speed with which you obtain your number—in most cases, while you hold the line; in all cases, without unnecessary delay!

"ANYONE" STATION-TO-STATION CALLS

where you will speak to someone within reach at the distant telephone. This type of call is quickest and cheapest. Reduced rates are effective from 7:00 p.m. to 8:30 p.m. and further reductions from 8:30 p.m. until 4:30 a.m.

PERSON-TO-PERSON CALLS

where you specify that a particular person is desired.

Because of the greater service given in summoning a specified person to the telephone this type of call takes a higher rate. In the event of these calls not being completed a small charge for reports is made. **There are no reductions on Person-to-Person calls during the evening or night hours.**

On Appointment calls the operator makes the appointment with the distant party, the rate being the same as on Person-to-Person calls.

On Messenger calls, the messenger charge is added to the Person-to-Person rate.

Additional Telephones= Stepsavers

TO have sufficient telephones in the home is to-day just as important as it is to have the various electrical devices which save the housewife so much time and labour—and which no woman would be without.

Many ideal arrangements of telephone equipment have been devised to reduce stairclimbing and unnecessary walking to a minimum.

Our representative, reached at our local Business Office, will be glad to discuss with you the particular needs of your home.

Are You Using It?

Salesmen appreciate the value of "Long Distance" for keeping in personal touch with their out-of-town customers. They realize that much time and travelling expense can be saved by a few judiciously placed calls.

Our Managers and their staffs are always prepared to aid you in placing your telephone calls, and lists of out-of-town numbers you frequently call will be prepared for you upon request.

It pays to "visit" your customers by telephone!

Long Distance Service Hints

Speedier Service—a Lower Charge

If, in placing a Long Distance call, you give the operator the number wanted and say "Anyone there will do", you save money. This type of call, in which it is not necessary to reach a particular person, involves less operating labour and, therefore, is the cheapest and quickest. It is what is known as an "Anyone Call" (Station-to-Station). Reduced rates are effective from 7 p.m. to 8.30 p.m. (about 25% off the day rate) and further reductions are in force from 8.30 p.m. until 4.30 a.m. (about 50% lower than day rate)

It is Not Always Necessary
to Ask for Long Distance!

Many out-of-town points can now be reached by simply giving the name of the place and number desired to the local operator. On the page entitled, "Long Distance Rates", the towns and cities available by this speedy service are shown.

Very Convenient for Travellers!

Charges on "Anyone Calls," where the day rate is 25 cents or over, can be reversed—that is, charged to the distant telephone. This privilege also applies on all Person-to-Person calls. Travellers telephoning home may thus have the call billed against the home telephone.

Person-to-Person Service

Where you specify an individual to whom you must speak (a Person-to-Person call) the rate is somewhat higher than for an "Anyone" (or Station-to-Station) Call.
